What is Nuffield Australia?

Nuffield is Australia's leading agricultural study scholarship program and has been supporting innovative and progressive Australian primary producers for 70 years.

Nuffield Australia has over 450 Alumni located across all States and Territories and from a broad cross section of primary industry sectors.

Over the 70 years of Nuffield Australia, Scholars have been pivotal in influencing the development of new and emerging industries such as turf growing, truffles and chia seed.
